

The Adventure of a Lifetime!

Are you healthy, courageous and looking for a mission trip with lasting impact? Then combine an unforgettable adventure, a physical challenge and a life changing experience and you come up with Andean Trek. For 11 years we have been carrying the word of God to remote villages in the Huaylas Valley of the "Peruvian Alps" in North Central Peru. The results are far beyond what we imaged. In an area where less than 20 churches existed 12 years ago, there are now 200 pastors waiting for further training and preparation in how to carry on the ministry of church planting and evangelism. God is working - come and work with Him in the ongoing propagation of the gospel in the Andean Region of Peru. Missionary evangelist and Pastor Phil Winfield is leading the group for the twelfth time.

Adventure + Bible Distribution + You
= The perfect mission trip for 2010!

Taking the Word of God to where the road doesn't go
in the Andean Mountains of Peru.

June 25 - July 5
(including travel dates)

\$800 + cost of airline ticket

What Folks Have Said About the Andes Trek

"The trip was a great experience and we deeply appreciate being invited to participate."

Nate & Jess Howland

"You hike, gasp, stop, rest, hand out Spanish and Quechua New Testaments to the people you meet. You give toys to the children. You watch the Jesus Film spoken in the Quechua language with the people who walk for hours to get to the village you are camping at – who live in this beautiful place."

Dale Polson

"I've done the Peru Trek twice. The scenery is spectacular. The people are wonderful. The trek is a great physical challenge but more importantly, you'll experience a spiritual growth spurt. You might have to go out and buy a larger size of spiritual armor - XXL."

Jan Mickelson

"When trekking through the Andes Mountains, I am reminded just how big our God is and I feel as though I am walking in the palm of His hand. The Peru Trek is not only physically challenging, but spiritually challenging and has changed me in ways I never imagined. Seeing God work in another part of the world is indescribable. Touching lives of people who don't know Christ has cemented an ever deepening burden in my heart for our lost and dying world. I LOVE THE PERU TREK!"

Karen Sage

"A humbling adventure into the Andes, sharing God's love. A life altering experience you can only truly comprehend by being there."

Bryan Sanders

Pastor Phil (trek founder and leader)
says the Andes Trek is:

Unforgettable

Unbelievable

Irresistible
